20a. How does the Committee accomplish its purpose?

The purpose of the WIAC is to consult with and provide written recommendations to the Secretary concerning the evaluation and improvement of the nationwide workforce and labor market information system, including recommendations for the two-year plan for the workforce and labor market information (LMI) system required under Section 15(c) of the Wagner-Peyser Act. The WIAC accomplishes its objective by: 1) studying workforce and labor market information issues; 2) seeking information on innovative approaches, new technologies, and data to inform employment, skills training, and workforce and economic development decision making and policy; and 3) advising the Secretary on how the workforce and labor market information system can best support workforce development, planning, and program development. The WIAC created subcommittees to develop recommendations for improving the LMI system. Once each subcommittee completes its tasks, their recommendations are debated by the full WIAC. During its three meetings this fiscal year, the WIAC debated and decided upon the recommendations to include in the report to the Secretary of Labor.

20b. How does the Committee balance its membership?

The WIAC keeps its membership balanced by following the guidelines set forth by WIOA, the WIAC Charter, and the WIAC Membership Balance plan. WIOA provides that WIAC membership be composed of fourteen representative members in eight categories: (1) four state agencies responsible for workforce investment activities, (2) four state workforce and labor market information directors, (3) one training services provider, (4) one economic development entity representative, (5) one business representative, (6) one labor representative, (7) one local workforce development board member, and (8) one research entity utilizing workforce and labor market information. WIOA further provides that membership be geographically diverse, and that no two members appointed in categories one, two, and seven represent the same state.

20c. How frequent and relevant are the Committee Meetings?

Per its charter, the WIAC meets in-person or virtually at least twice per year. The WIAC met three times in FY 2018. The WIAC identifies and reviews issues and aspects of the Workforce and Labor Market Information (WLMI) system and statewide systems that comprise the nationwide system and how the Department and the States will cooperate in the management of those systems. As part of this process, the Council meets to gather information and to engage in deliberative and planning activities to facilitate the development and provision of its recommendations to the Secretary in a timely manner.

20d. Why can't the advice or information this committee provides be obtained

elsewhere?

The WIAC is the only advisory committee dedicated to providing the Secretary of Labor advice and proposed actions to improve the workforce and labor market information system.

20e. Why is it necessary to close and/or partially closed committee meetings?

Not Applicable

21. Remarks

With only one in-person meeting this past fiscal year, costs were greatly reduced.

Narrative Description

The WIAC supports the mission of the U.S. Department of Labor by (1) evaluating and suggesting improvements to the nationwide workforce and labor market information system and statewide systems that comprise the nationwide system, and (2) suggesting approaches addressing how the Department of Labor and the States will cooperate in the management of those systems. These systems include programs to produce employment-related statistics and State and local workforce and labor market information for use by job seekers, employers, educational institutions, and students.
